

Western Electric 300B Electron Tube

| | |
|---|--------|
| Single (1x 300B) | €850 |
| Matched Pair (2x 300B) Most popular option | €1.850 |
| Matched Quad (4x 300B) | €3.700 |

- Five (5) year extended warranty
- The original 300B, made in the USA using the original specifications and tooling
- The most popular tube in the world, known for reliability and sonic purity
- Matched sets ship in high quality wood boxes

91E Integrated Amplifier

| | |
|---|-----------|
| Black | €18,500 |
| Champagne | €18.500 |
| Nickel | €19.800 |
| Transformer add-on (4, 16, 24 ohm options available) | €1.220 |
| 1202A Phono Termination Plugs | €92 /pair |

- Three (3) year extended warranty
- 20 watts per channel using 300B electron tubes & patented circuitry
- Interchangeable transformer blocks to optimize speaker pairing(s)
- The absolute finest SET amplifier available
- Range of phono load / termination plugs available
- Ships in sturdy wood crate (€125)

88A Power Amplifier

| | |
|------------|--------|
| All colors | €7.800 |
|------------|--------|

- Available in Champagne, Nickel, and Black
- Three (3) year extended warranty
- 20 watts per channel using 300B electron tubes & patented circuitry
- Interchangeable transformer blocks to optimize speaker pairing(s)
- Excellent companion to 85A Headphone / Pre-Amp

85A Headphone + Pre-Amplifier

All colors

€6.500

- Available in Champagne, Nickel, and Black
- Three (3) year extended warranty
- Unlimited headphone compatibility
- Interchangeable transformer blocks to optimize sound
- Designed as companion to 88A Amplifier

Type 100 Monoblock Amplifier

All colors

€145.000

- Available in Champagne, Nickel, and Black
- Three (3) year extended warranty
- 125 Watt Single Ended Triode Amplifier
- WE 308B single output tube
- Patented SCS circuitry to maximize tube performance
- Active cooling
- Digital and analog meter options. Both dimmable.
- Interchangeable transformer blocks to optimize speaker pairing(s)

777 rAMT Midrange Driver

Driver only - Sold in pairs

€ 12.500

- A new midrange driver for loudspeakers
- Frequency Response - 150 Hz to 2 KHz
- Efficiency - Over 100 db/watt
- Impedance - 6 ohms nominal
- Horizontal Directivity - 100% Uniform at all frequencies +/- 90 degrees
